

## A LETTER TO A FRIEND

Write a letter or e-mail to a friend in your link school. Tell them about what you have been studying about - the different nationalities there are in your school, how to say hello in another language, the various customs you learned about from the poster projects etc. Ask what it is like there. Are there people from other countries who have come to live in there? Where are they from? What languages do they speak? Which festivals do they celebrate? Plan your letter below:
